The protocols

General

Wearing a mouth cap in our villa is not mandatory. If one of the guests wishes, we will take this into account and wear a mouth cap on request.

A distance of 1.5 meters must be guaranteed at all times, also in the meeting rooms. We therefore ask you to take this into account at all times, for example during lunch or dinner, but also during an activity.

Self test

A negative covid-19 test is desirable before the start of a meeting group, given the Delta variant and its rapid spread. Regardless of whether you are vaccinated. We also provide on-site self-tests.

Health declaration

Upon arrival, we ask all our guests to sign a health declaration before the start of the meeting. We will prepare this in the meeting room, after filling it in and signing it, the trainer / contact person will hand over the declarations at the reception.

Statement protocol compliance

In addition to the health statement, we ask the trainer / contact person of the group to sign the statement for compliance with the protocol within Villa de Duinen. This states that the corona rules will be adhered to at all times and that if there is a violation on the part of the guest the liability and possible fine, when the authorities come and check, lies with the signed company.

Restaurant and terrace

Our restaurant and terrace are open. In these public areas, guests are allowed to sit and we provide service. Of course, with the 1,5 meters away guaranteed.
